H₂O

H2O.ai Strongly Positioned in Key Analyst Reports

H2O.ai is a **Visionary** in the *Gartner Magic Quadrant for Data Science Platforms*

Figure 1. Magic Quadrant for Data Science Platforms

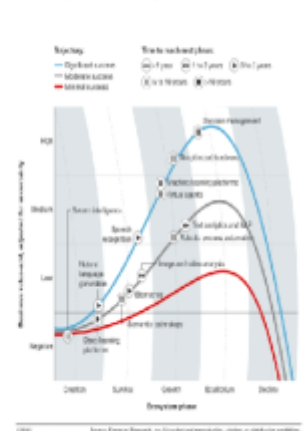

H2O.ai is a **Strong Performer** in the *Forrester Predictive Analytics & Machine Learning*

H2O.ai is a **Top 10 Hot Artificial Intelligence (AI) Technologies** on Forbes

FORRESTER ANALYSIS
TechRadar™, Artificial Intelligence Technologies, Q1 '17

“H2O had the highest reference customer analytics support score of all the vendors.”

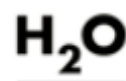

“H2O is especially suited to IoT edge and device scenarios.”

“Overall customer satisfaction is very high.”

“H2O.ai has significant adoption by large enterprises such as Macy’s, Comcast, and Capital One.”

“H2O.ai is best known for developing open source, cluster-distributed ML algorithms at a time (2011) when big data demanded them, but no one else had them.”

H2O.ai named alongside Nvidia, Google, IBM, Intel, Microsoft, SAS, et al as in Top 10 Hot Artificial Intelligence (AI) on Forbes - contributed by Gil Press
